

Greetings,

I am writing in regards to H1B visa sponsorship. My strengths and qualifications are many, and my dedication and work ethic are strong.

I am proficient of design and develop applications on Open-source platforms like Spark, Hadoop and Java. I am passionate about developing maintainable applications by industry best practices. I am also quick learner, productive and focused working independently. My coding skillset coupled with a base in algorithms, enables me to think multilaterally in various aspects of application development. I believe that on the back of my analytic, creative and logical thought process, learning the syntax and other specifics of such technologies and programming paradigms is almost a matter of no time.

Please refer to my resume for my full skills matrix and I hope to hear from you soon. Thanks a bunch.

Thanks

Srinivas Reddy
